

HRBP WEB APPLICATION

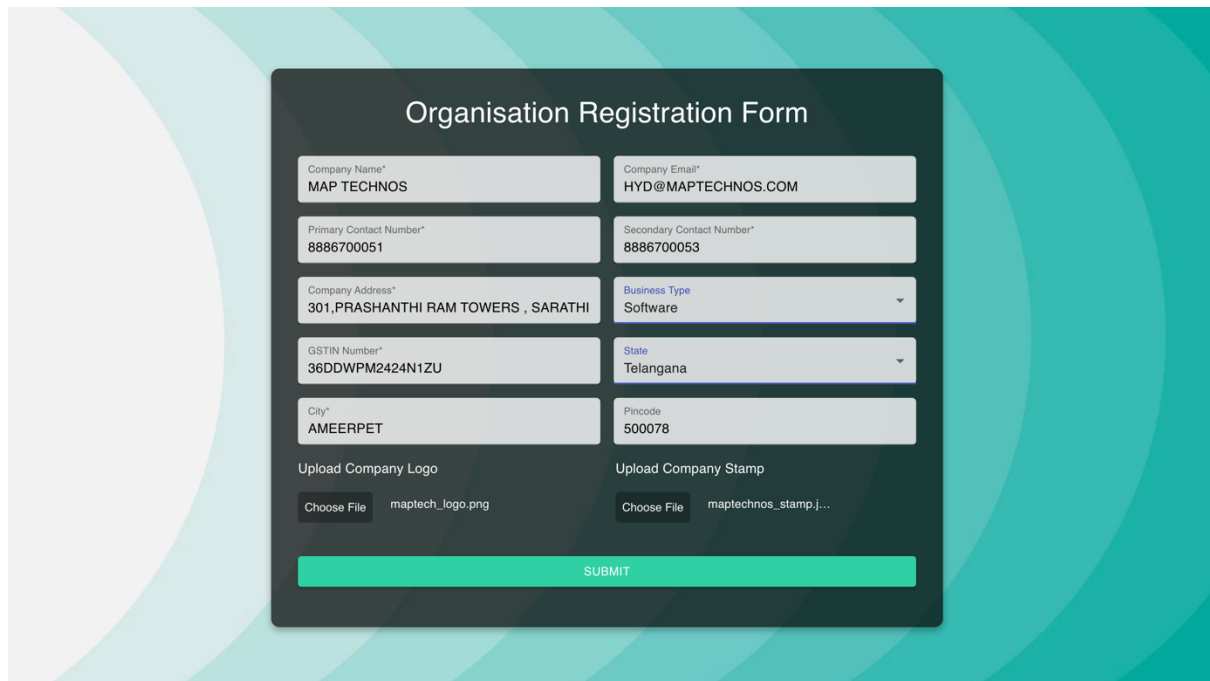

1.Registration

The HRBP Payroll Login Page allows registered users to access the payroll management system by entering their email and password. For first-time users, there's an option to create a new account by selecting the "Create an account" link. This page is essential for securely managing HR and payroll data once the user is logged in.

2. Create an Organisation Account

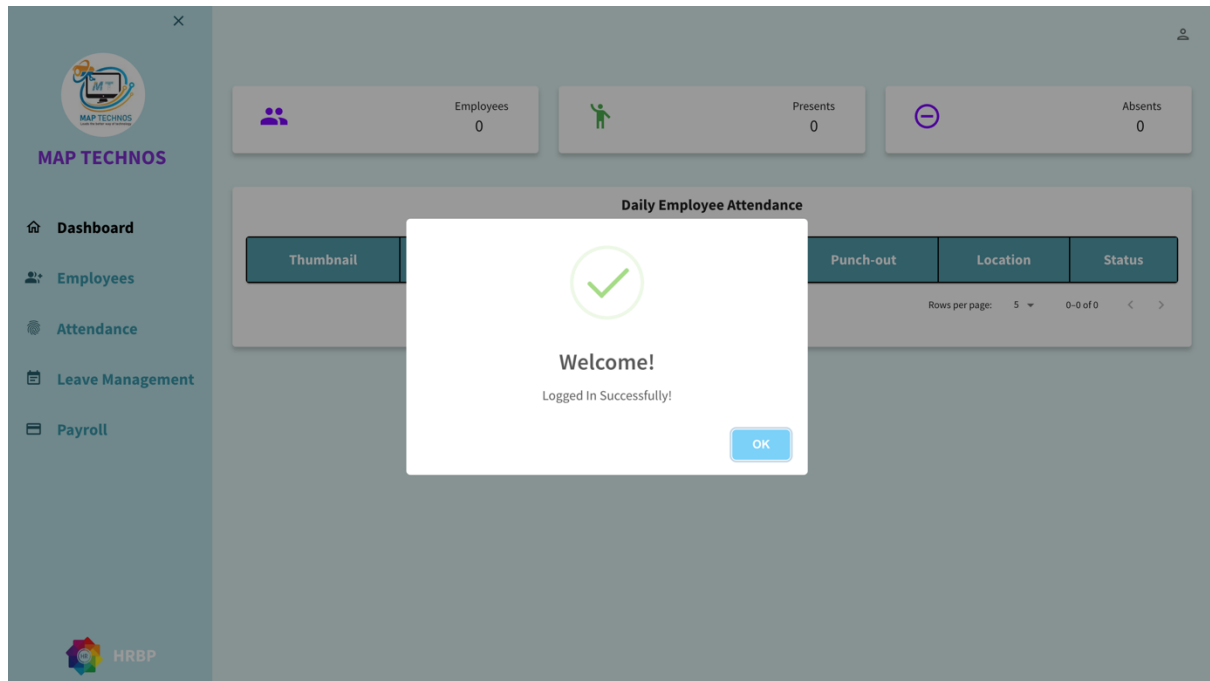

The Organization Registration Form is the first step in setting up your company within our HRBP application. It collects essential details such as your company's name, contact information, address, business type, GSTIN, and location. Additionally, you'll upload your company logo and stamp to maintain a professional identity. Once submitted, this information allows us to provide seamless HR and payroll services tailored to your business.

A screenshot of a web form titled "Organisation Registration Form" set against a teal and grey background. The form is a dark grey rectangle with white text and input fields. It contains two columns of fields. The first column includes: "Company Name*" with value "MAP TECHNOS", "Primary Contact Number*" with value "8886700051", "Company Address*" with value "301, PRASHANTHI RAM TOWERS , SARATHI", "GSTIN Number*" with value "36DDWPM2424N1ZU", "City*" with value "AMEERPET", and "Upload Company Logo" with a file input showing "maptech_logo.png". The second column includes: "Company Email*" with value "HYD@MAPTECHNOS.COM", "Secondary Contact Number*" with value "8886700053", "Business Type" dropdown with value "Software", "State" dropdown with value "Telangana", "Pincode" with value "500078", and "Upload Company Stamp" with a file input showing "maptechnos_stamp.j...". At the bottom is a red "SUBMIT" button.

Welcome Admin Dashboard HRBP PAYROLL

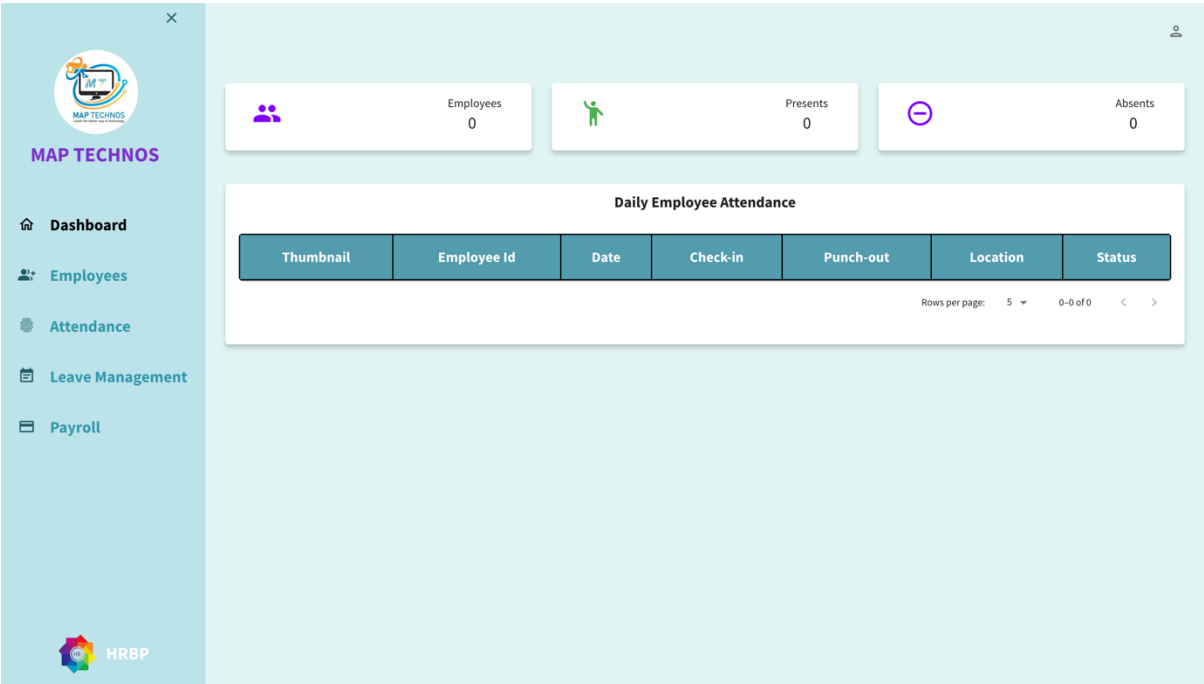

HR management software dashboard labelled "MAP TECHNOS." The central area displays a modal pop-up with a confirmation message stating "Logged in Successfully!" indicating a successful login.

Dashboard HRBP

This dashboard is designed to provide a quick, at-a-glance summary of employee attendance data. The zero counts across all fields suggest that the system is either newly set up or currently lacks active employee records. The table format allows for detailed tracking of individual employee attendance, with fields for key metrics like check-in/check-out times, location, and overall status. This setup is particularly useful for HR and management teams who need to monitor attendance patterns and ensure compliance with company policies.

The left navigation pane remains consistent, allowing users to access other modules like Employees, Attendance, Leave Management, and Payroll effortlessly. This dashboard exemplifies how businesses can maintain organized records and streamline attendance management within an integrated system.

Profile Info of a Company

Business management application, specifically showcasing the profile page for a company named "MAP TECHNOS." The layout is clean and structured, providing essential business information in a concise manner. Here's a breakdown of the elements and a larger enterprise resource planning (ERP) system, aimed at helping the company manage its internal operations efficiently. The use of professional vocabulary and clear organization implies the system is intended for business clients who need streamlined access to essential company data and functions.

Add Employee

The left-hand sidebar provides easy navigation to various modules like the dashboard, employees, attendance, leave management, and payroll. The "Employees" section is highlighted, indicating the current view. The central panel features an "Employees Management" header, under which there is a table designed to display employee information. Although currently empty, the table structure is ready to show employee details such as ID, name, and contact information.

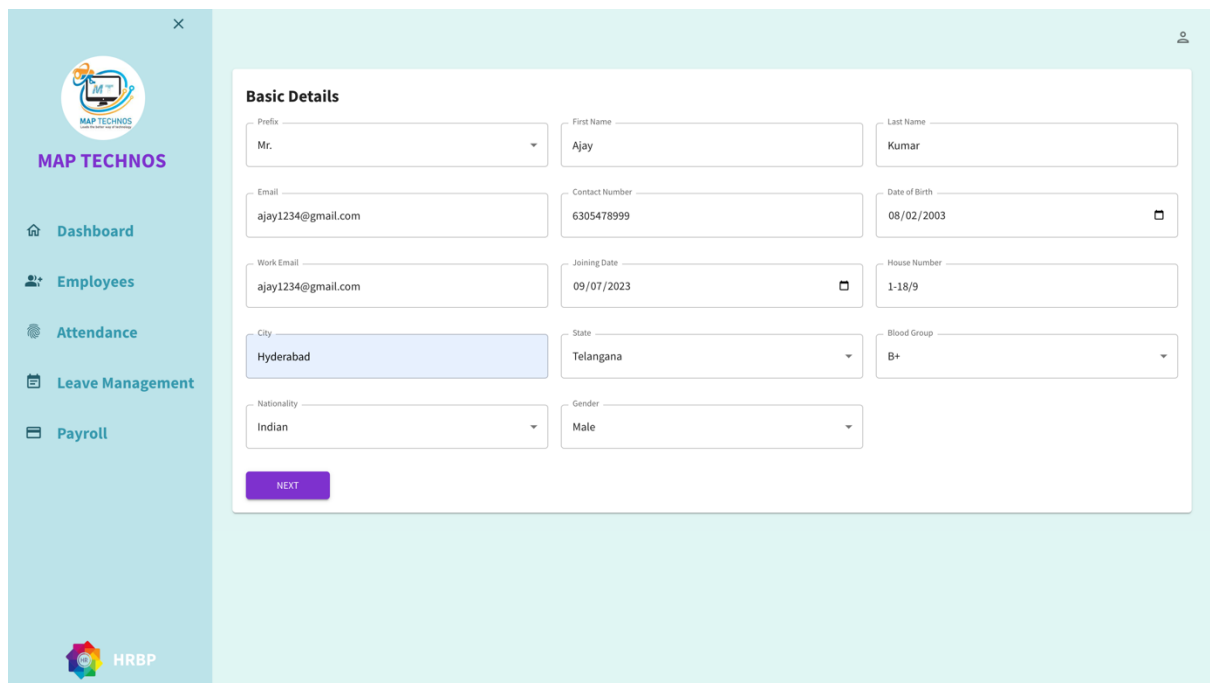

A prominent "Add New Employee" invites users to input new employee data. The overall design emphasizes simplicity and functionality, with a soft teal colour scheme that maintains a professional and user-friendly atmosphere. The layout is clean and well-organized, guiding users through employee management tasks efficiently.

Basic Details :

The employee registration form is designed to streamline the onboarding process by capturing all necessary basic details in a user-friendly interface. The form is intuitive and organized to ensure that data entry is efficient and error-free. It collects essential employee information, including personal details (name, contact number, date of birth), professional details (work email, joining date), and address information (city, state, house number).

The design is minimalistic, making navigation straightforward, and the "Next" button at the bottom guides users through the multi-step registration process. This approach ensures that the user can input all relevant details in a clear, organized manner, improving overall efficiency in managing employee records.

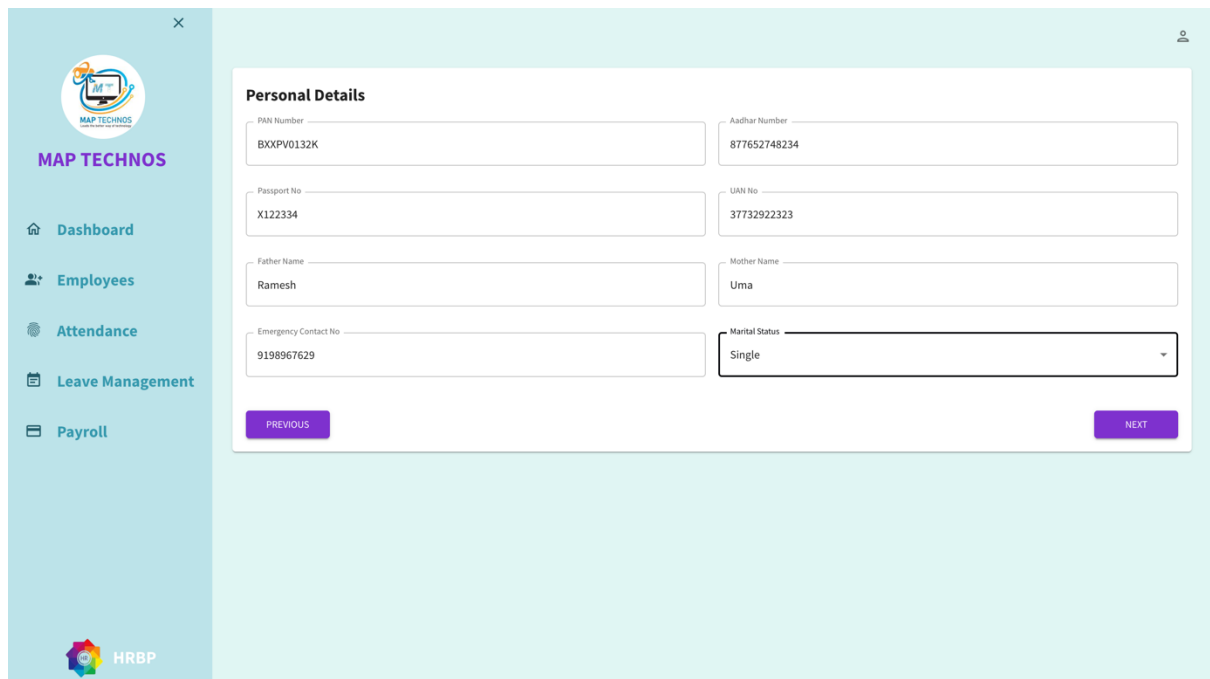

The screenshot displays the 'Basic Details' registration form within the MAP Technos HRBP system. The interface features a light blue sidebar on the left with navigation links: Dashboard, Employees, Attendance, Leave Management, and Payroll. The main content area is white and contains the form fields. The form is titled 'Basic Details' and includes the following fields: Prefix (Mr.), First Name (Ajay), Last Name (Kumar), Email (ajay1234@gmail.com), Contact Number (6305478999), Date of Birth (08/02/2003), Work Email (ajay1234@gmail.com), Joining Date (09/07/2023), House Number (1-18/9), City (Hyderabad), State (Telangana), Blood Group (B+), Nationality (Indian), and Gender (Male). A purple 'NEXT' button is located at the bottom of the form. The HRBP logo is visible in the bottom left corner of the sidebar.

Basic Details
